The beneficiary shall, throughout the duration of the Project, take appropriate measures to engage with the public and the media about the project and to highlight the financial support of the EC. Any communication or dissemination activity related to the action must use factually accurate information. Unless the EC requests otherwise, any publicity, including at a conference or seminar or any type of information or promotional material (brochure, leaflet, poster, presentation etc.), must specify that the project has received research funding from the EC and display the European emblem.

In particular, the beneficiary must include the following text: For communication activities: “Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union. Neither the European Union nor the granting authority can be held responsible for them”

When displayed in association with a logo, the European emblem should be given appropriate prominence. This obligation to use the European emblem in respect of projects to which the EC contributes implies no right of exclusive use. It is subject to general third-party use restrictions which do not permit the appropriation of the emblem or of any similar trademark or logo, whether by registration or by any other means. Under these conditions, the beneficiary is exempted from the obligation to obtain prior permission from the EC to use the emblem.

The EC and IMPETUS consortium may use, for its communication and publicising activities, information relating to the action, documents notably summaries for publication and public deliverables as well as any other material, such as pictures or audio-visual material received from any beneficiary (including in electronic form). The EC right to use a beneficiary's materials, documents and information includes:

- c) editing or redrafting for communication and publicising activities (including shortening, summarising, inserting other elements (such as meta-data, legends, other graphic, visual, audio or text elements), extracting parts (e.g. audio or video files), dividing into parts, use in a compilation);
- d) translation;
- e) giving access in response to individual requests under Regulation No 1049/2001, without the right to reproduce or exploit;
- f) storage in paper, electronic or other form;
- g) archiving, in line with applicable document-management rules, and
- h) the right to authorise third parties to act on its behalf or sub-license the modes of use set out in Points (b), (c), (d) and (f) to third parties if needed for the communication and publicising activities of the EC.

The beneficiary shall ensure that all necessary authorisations for such publication have been obtained and that the publication of the information by the EC does not infringe any rights of third parties (including personnel of the beneficiary).

Upon a duly substantiated request by the Contractor on behalf of the beneficiary, the EC may agree to forego such publicity if disclosure of the information indicated above would risk compromising the beneficiary's security, academic or commercial interests.

## *10.2. Information and communication among the Contracting Parties*

Any notice to be given under this Contract shall be in writing to the addresses and recipients listed above.

Any change of persons or contact details shall be notified immediately to the Contractor. The address list shall be accessible to all concerned.

## ARTICLE 11 – FINANCIAL AUDITS AND CONTROLS

The EC may, at any time during the implementation of the Project and up to three years after the payment of the balance of the IMPETUS project (foreseen for October 2026), arrange for audits to be carried out, by external auditors, or by the EC services themselves including the European Anti-Fraud office (OLAF) and the European Court of Auditors (ECA), on the beneficiary. The audit procedure shall be deemed to be initiated on the date of receipt of the relevant letter sent by the EC. Such audits may cover financial, systemic and other aspects relating to the proper execution of the Grant Agreement. They shall be carried out on a confidential basis.

The beneficiary shall make available directly to the EC all detailed information and data that may be requested by the EC or any representative authorised by it, with a view to verifying that the Grant Agreement is properly managed and performed in accordance with its provisions and that costs have been charged in compliance with it. This information and data must be precise, complete and effective.

The beneficiary shall keep the originals or, in exceptional cases, duly authenticated copies – including electronic copies - of all documents relating to the Contract, adequate records, and supporting documents to prove the proper implementation of the action until after three years after the payment of the balance of the IMPETUS project (foreseen for August 2026). These shall be made available to the EC upon request or in the context of checks, reviews, audits, or investigations.

In order to carry out the audits, the beneficiary shall ensure that the EC's services and any external body(ies) authorised by it have on-the-spot access at all reasonable times, notably to the beneficiary's offices, to its computer data, to its accounting data and to all the information needed to carry out those audits, including information on individual salaries of persons involved in the project. They shall ensure that the information is readily available on the spot at the moment of the audit and, if so requested, that data be handed over in an appropriate form.

On the basis of the findings made during the financial audit, a provisional report shall be drawn up. It shall be sent by the EC or its authorised representative to the beneficiary concerned, which may make observations thereon within one month of receiving it. The EC may decide not to take into account observations conveyed or documents sent after that deadline. The final report shall be sent to the beneficiary concerned within two months of expiry of the aforesaid deadline.

On the basis of the conclusions of the audit, the EC shall take all appropriate measures which it considers necessary, including the issuing of recovery orders regarding all or part of the payments made by it and the application of any applicable sanction.

The European Court of Auditors shall have the same rights as the EC, notably right of access, for the purpose of checks and audits, without prejudice to its own rules.

In addition, the EC may carry out on-the-spot checks and inspections in accordance with Council Regulation (Euratom, EC) No 2185/96 of 11 November 1996 concerning on-the-spot checks and inspections carried out by the EC in order to protect the European Communities' financial interests against fraud and other irregularities.

#### **ARTICLE 14 – AMENDMENTS**

Amendments or changes to this Contract shall be made in writing and signed by the duly authorized representative of the Contracting Parties.

Nevertheless, in the event the EC modifies the conditions, the Contractor will amend the Contract accordingly.

#### **ARTICLE 15 – APPLICABLE LAW**

This Contract shall be construed in accordance with and governed by the EU laws, supplemented if necessary, by the law of Spain

#### **ARTICLE 16 – SETTLEMENT OF DISPUTES**
